Dear

We are pleased to offer you a place on the following course:

Animal Care Level 3 at our London Campus 124 City Road, London, EC1V 2NX or online via our Learner Management System.

This letter provides you with the information about your choice of course offer and the related cost of your studies. Please keep this safe, as it contains key information which you may need to refer to it again.

This letter also explains some of the options available to help you pay for your chosen course and where to access further information and advice. It also gives you essential information should you decide to progress an application for an advanced learner loan (ALL) through the Student Loans Company (SLC) to pay for your course fees.

Options for paying for your studies

The total cost of your course is **£**

You can pay us directly for the course. Alternatively, you may wish to consider an ALL, <https://www.gov.uk/advanced-learning-loans/overview>. These government-backed loans are available to help learners aged 19 and over, pay their course fees and associated costs for courses at levels 3 to 6.

You must make sure you provide complete and correct information when you take out a loan, and you must tell the SLC about any changes to these details or your circumstances during the application process, while you are studying with us, and until you've repaid your loan in full.

The maximum loan amount you can apply for is either the fee we charge, or the maximum set by the government, whichever is the lower.

The minimum loan amount you can apply for is £300.

You can access up to 4 loans in a lifetime, either one after the other or at the same time.

The SLC will process your application and will write to you confirming the outcome of your application.

Loan application details

If you apply for an ALL, you will need to provide information about yourself, your chosen training organisation, and your course fees.

The list below provides you with all the information you will require:
